

Improvise

Discard as many orders as you want and draw the same amount.

"Quick wits, quick hits."

Preemptive Planning

Look at the top 3 orders of your draw deck. You may discard one of them.

"The best tactic is out there, we just have to find it."

Know Thyself

Look at the top 8 orders of your draw deck.

"Half of the war is within the mind."

Full Intel

Look at the top 2 orders of two draw decks or 4 from one.

"The battlefield is not the place for surprises."

Third Alternative

Draw an order.

"Less is more? More is more!"

Second Strike

Draw the top card of your discard pile.

"Lightning does strike twice."

Rinse and Repeat

Choose one type of order from your discard pile and shuffle all copies into your draw deck. Draw 1 order.

"If it worked before, why not again?"

Hail Mary

Search your deck for one card, draw it, show it to all other players, discard all copies of it from your draw deck and then shuffle it.

"Lord preserve me!"
